

二級防護裝置 Secondary Guarding Device (SGD)

高空作業的可靠輔助，為您守住安全底線！

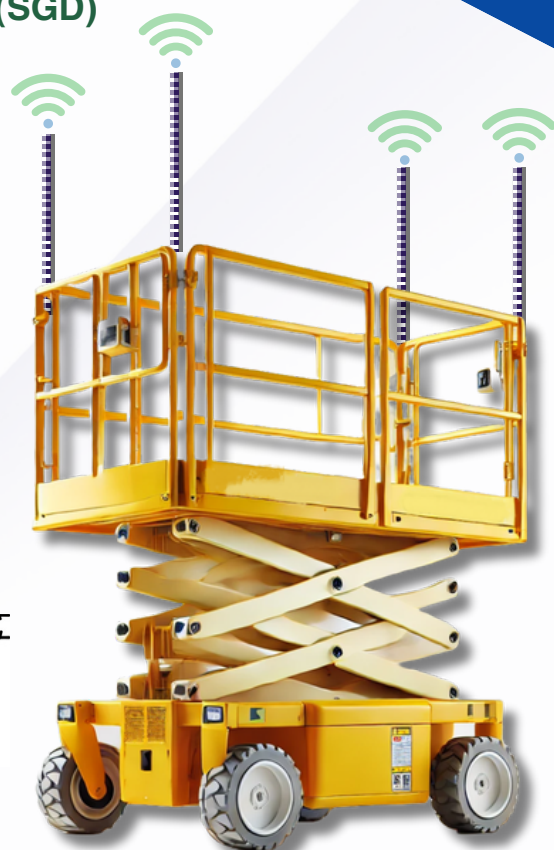

實體屏障：

- ✓ **安全保障：** 在高空作業升降台的周圍安裝具有足夠強度的實體屏障 / 觸碰式防撞杆，以有效避免夾傷危害。
- ✓ **通用設計：** 適合任何款式的高空作業升降台，靈活應用於各類場景。
- ✓ **數量可調：** 防撞杆數量可根據客戶需求靈活調整。

智慧型裝置：

- ✓ **智能選配：** 可選配電子/壓力感應器款式，進一步提升安全保障，讓高空作業更安心、更智能。
- ✓ **多點偵測：** 可在升降台上安裝多個感應器，實時偵測升降台周圍及頭頂上的任何障礙物，提供智能防護。

Secondary Guarding Device (SGD)

**RELIABLE PROTECTION FOR WORKING AT HEIGHTS –
YOUR SAFETY, OUR PRIORITY!**

Physical Barrier :

✓ Safety Assurance:

Our durable barriers and touch-sensitive collision guards are designed to minimize risks and prevent pinch hazards effectively, ensuring peace of mind while working at heights.

✓ Universal Design:

Compatible with all types of aerial work platforms across different scenarios.

✓ Customized Quantity:

The quantity of collision guards can be tailored to match customer requirements. This ensures maximum adaptability and safety, catering to diverse work environments and specific operational needs.

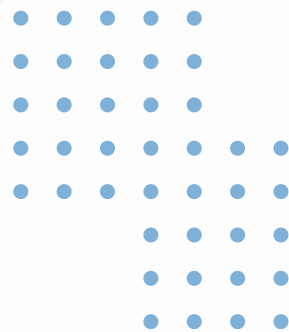

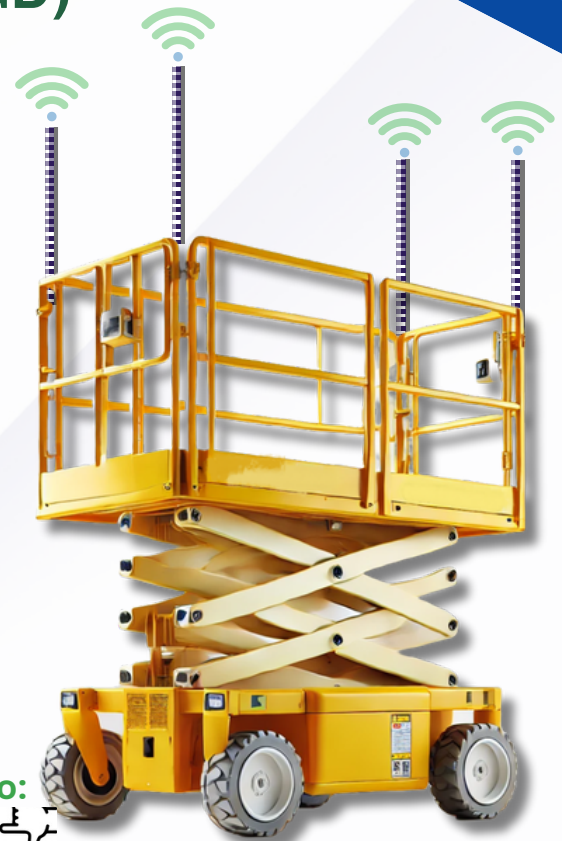

Smart Device:

✓ Optional Sensor:

Enhance safety with optional electronic or pressure sensor. These smart additions make working at heights more secure.

✓ Multi-Point Detection:

Equip your aerial work platform with multiple sensors for real-time monitoring of obstacles around and above the platform.

Multiple Options !!
